RE: Site owner permission to place IEEE Milestone plaque to commemorate ALOHANET

Dear IEEE Milestone Administrator:

The University of Hawai'i at Mānoa agrees to host the proposed IEEE Milestone plaque commemorating ALOHAnet (aka ALOHA System), the Communications Foundation for Wireless, Mobile, Satellite and Internet and to permit the plaque to be installed at Holmes Hall on the University of Hawai'i at Mānoa campus in a place where the plaque will be viewable by the public.

The plaque will be mounted on the ground floor of Holmes Hall, which is situated at 2540 Dole Street, Honolulu, HI. Holmes Hall is the home of the College of Engineering. In this location, faculty, students, staff and the general public will have the opportunity to view it.

The plaque, which will be bronze, will be 12 inches x 18 inches x 11/16 inches, and carry a citation describing the technical achievement being recognized as a milestone.

The cost of installation will be borne by the University of Hawai'i, and the plaque will remain the property of IEEE. Should the plaque need to be removed for reasons such as building renovation, the University of Hawai'i will notify the IEEE History Center so that IEEE can make arrangements for the care of the plaque.

Sincerely,

A handwritten signature in black ink, appearing to be 'BM'.
