In October 1993, the Company completed its merger with TDS Healthcare Systems Corporation ("TDS"). TDS is a leading provider of comprehensive patient care and healthcare enterprise information systems serving more than 200 hospitals in the United States, Canada and Europe.

Within three months of acquiring TDS, ALLTEL Information Services signed its first hospital outsourcing contract with St. Joseph's Hospital in Parkersburg, West Virginia. Under terms of the five-year contract, Systematics assumed all healthcare information systems operations for this 375 bed hospital, including providing on-site and remote management, software implementation and support, hardware and network management and maintenance.

TDS was merged with Systematics Healthcare Services, Inc. during 1994. As discussed previously, Systematics Healthcare Services, Inc.'s name was changed to ALLTEL Healthcare Information Services, Inc. on February 15, 1995.
