Dear IEEE Boston Section and IEEE History Center,

MIT Lincoln Laboratory proposes an IEEE Milestone Award for its "Development of the Mode S Next Generation ATC Radar Beacon System" from 1969 to 1979. This letter of support, accompanying the proposal, authorizes the placement of an IEEE Milestone plaque for this award at MIT Lincoln Laboratory. I understand the requirement that the IEEE Milestone plaque must be displayed at Lincoln Laboratory in a space accessible to the general public. If selected, Lincoln Laboratory will prominently display the plaque as required.

Robert Loynd (robert.loynd@ll.mit.edu, 781-981-7014), the Executive Officer to the Director, will be Lincoln Laboratory's point of contact.

Thanks to the IEEE Boston Section and the IEEE History Center for considering this proposal.

Sincerely,

Eric D. Evans
Director
