Montevideo, April 30, 2024

To the IEEE History Committee:

This letter serves as an endorsement for the Milestone proposal of:

COMMUNICATIONS TECHNOLOGY DEVELOPMENT IN URUGUAY, 1977 to 1995

We strongly support this work of uruguayan Engineers as a worthy and unprecedented project that resulted in a very successful product that reliably handled the digital communications of the whole country for many years

This text has been unanimously approved by the Directive Commission of the AIU in its sesión on April 29.
